## Vision Subsystem Concept Definition

---

| ID     | Rev. | Date       | Description     | Author       | Checked By   |
|--------|------|------------|-----------------|--------------|--------------|
| CD-002 | 0.1  | 10-25-2018 | Initial release | Tyler Miller | [CHECKED BY] |

## **1 Purpose**

Last year's vision subsystem achieved less than 25% of its total possible score. As such, it was determined that major improvements will be made at both the manual and autonomous levels.

## **2 Concept Selected**

Vision's competition requirements are complex and as such required multiple concepts to fit into a larger system.

## **3 Definition**

## **4 Justification**
